Feeling

Maintains  
Healthy Skin

# Main Ingredients of LactoBath

The main ingredients of LactoBath help to maintain feminine hygiene. Keep your beautiful area clean and healthy with mild LactoBath.

- **Lactic Acid**

Helps maintain skin moisturizing properties, helps maintain dry skin and female vaginal environment, and helps promote the growth of Lactobacillus

- **Centella Asiatica Extract**

The essence of Centella Asiatica, calms the sensitive skin and strengthens moisturization

- **Lactobacillus**

*/Punica Granatum Fruit Ferment Extract*

Protects vaginal area from harmful substances and maintains healthiness

- **Vitamin C**

Protects the skin from becoming rough and smoothens the skin texture

# How to use the product

1. Dilute 15-30ml of the LACTO BATH solution in 1ℓ of water.
  2. Massage gently on the external area and rinse with lukewarm water.
  3. Use 1-2 times a week. If the skin condition is particularly bad, use 2-4 times a week.
- \* The duration and number of use may differ depending on the wellness of the body.
