

ATLANTIS HAIR

Exosome + PDRN + Scalp & Hair Growth Factors

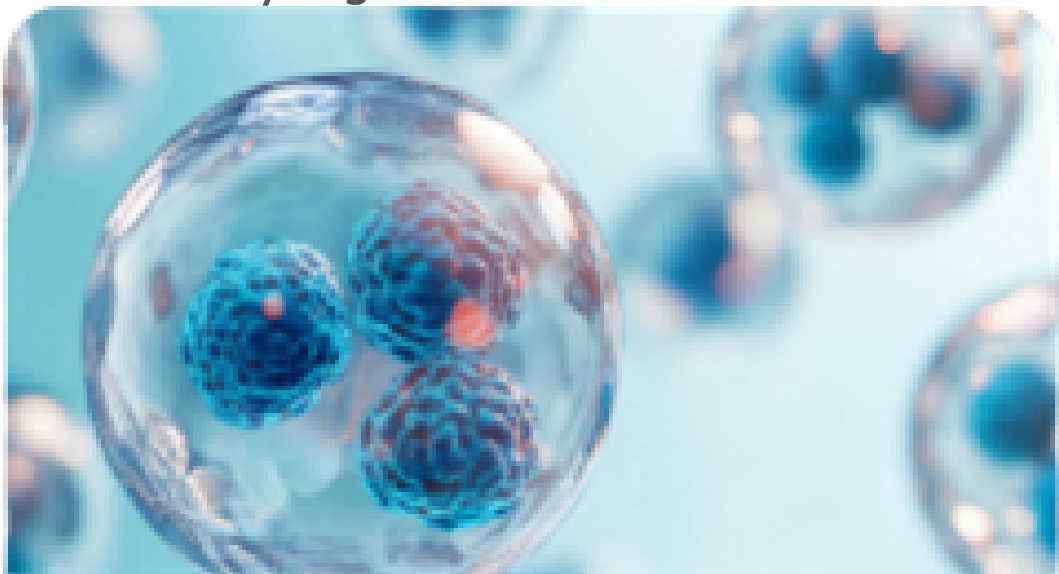

ATLANTIS HAIR is a cutting-edge 5th-generation exosome-based scalp solution. It delivers growth factors and nutrients, optimizing the scalp environment to promote healthy hair growth.

A New Standard in **Hair Growth Solutions**

ATLANTIS HAIR is formulated with a premium blend of exosomes, PDRN, and scalp-specific growth factors to deeply nourish the scalp and stimulate natural hair growth.

What are the Key Ingredients?

Exosome

High-Purity Exosome derived from plants
(Ultra-nano particles, approximately 500 million particles per in.)

-  Enhances hair follicle growth
-  Reduces inflammation and promotes hair follicle health

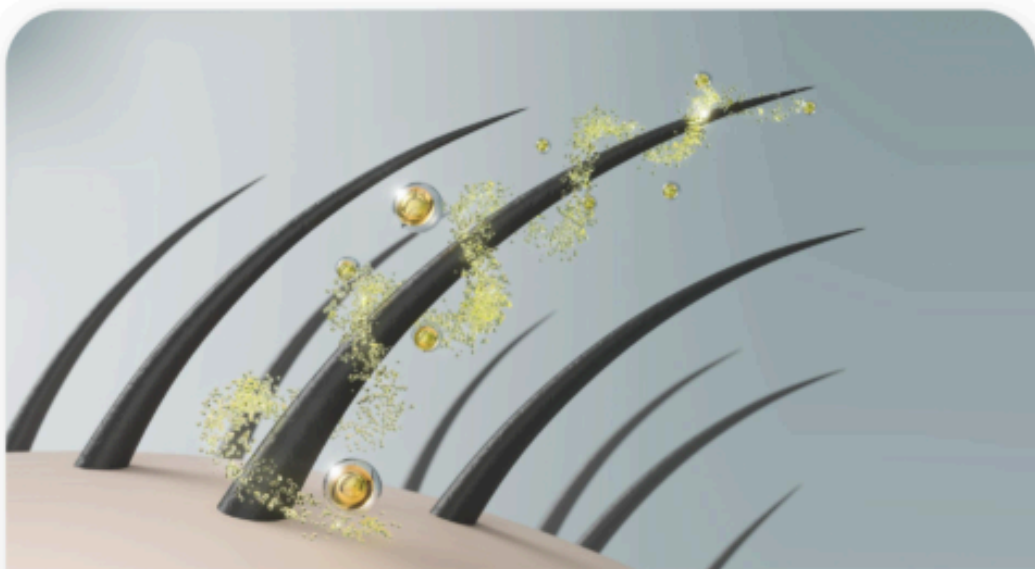

PDRN

**High-Purity HPDRN made by French manufacturer
derived from wild Alaskan salmon**

(10,000 ppm of High-Purity HPDRN)

-
- Helps supply nutrients to hair follicles
 - Reinforces the antioxidant barrier of the scalp
 - Improves hydration and circulation of blood flow to the scalp

Scalp Growth Factors

8 amino peptides and 5 natural enzymes

-
- Helps unclog the pores on the scalp
 - Revitalizes and strengthens hair follicles
 - Creates a healthier environment for hair growth

Who should use **ATLANTIS HAIR?**

- ✓ Those who have **dry scalp** issues

- ✓ Those who want to prevent **hair thinning** with age

- ✓ Hair transplant recipients who want to **prolong the duration** of their hair transplant

Why **ATLANTIS HAIR**?

Treatment Procedure

ATLANTIS HAIR treatment

1 vial
per treatment

2 weeks
interval

5-8 sessions

PREPARATION

STEP

01

Sterilize the scalp with an alcohol swab or other aseptic solution.

STEP

02

Apply anesthetic to the scalp area if required.

STEP

03

Remove the applied anesthetic from the area and sterilize with an alcohol swab or other aseptic solution again.

HOW TO USE

STEP

01

Apply a sufficient amount of the solution to the entire scalp area to be treated.

STEP

02

Wait 1-3 minutes until the scalp is moist.

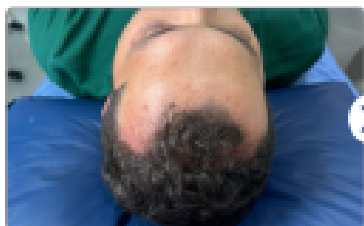

STEP

03

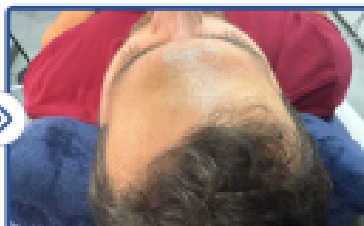

Drop the solution again and tap the scalp or perform AMTS to help the ingredients penetrate.
