

GTM PEPTICULE AMPOULE

Enhance Skin Elasticity

Refine Skin Texture

Reduce Wrinkles

Keep Skin Hydrated

New

Improved Vitality, Radiance UP

GTM Pepticule Ampoule

High performance rejuvenating ampoule formulated with high concentration peptides and 4th generation plant based PDRN spicules. The hydrogel spicule delivery system helps refine skin texture, improve absorption of nutrients, and support skin regeneration. Vitamin B12 and fullerenes provide antioxidant protection while collagen and ceramide complexes help maintain deep hydration and elasticity

Key Benefits:

- Refines skin texture
- Helps improve skin elasticity
- Supports wrinkle reduction
- Enhances hydration
- Promotes healthy skin radiance

How to Use

1. Cleanse skin and apply toner.
2. Apply 1–2 pumps of ampoule to the face.
3. Gently massage until fully absorbed.
4. Follow with moisturizer or cream.

For cosmetic topical use only
